### Global Wind Energy Council - GWEC

We have had the pleasure of working with Jade Sky for the past few years on the annual Windaba conference and exhibition, for which the Global Wind Energy Council is a co-organiser. Kirsten and Leole -Ann are our key contacts in the company and we have always been impressed with their level of professionalism towards organising the event. They both have a refreshing 'can do' attitude. They get involved in every aspect of the event, not just the logistics side, but with speaker management, exhibition sales, marketing, government relations, media relations, PR – You name it, and they'll have done it! Jade-Sky have also gone beyond the call of duty on many occasions. On one occasion, Cape Town had a blackout the night before the event, when the exhibition set up was underway. Their team stayed up throughout the night, to ensure everything was ready on time in the morning, and they still greeted attendees with a smile the next morning. We're very much looking forward to continue working with Jade Sky for our future events, and completely put our trust in them to help us pull off a professional event.

Carolyn Gill, Marketing and Event Manager
